

The Caribbean island of Puerto Rico, with its awe-inspiring geographic features, deep history, world cuisine, authentic Spanish language and culture is one of our favorite destinations. It's an American Territory so no Passport or foreign currency exchange is required, it's much closer than Europe so we don't lose two days to flights, and it's always warm!

This itinerary includes an overnight on the fortified island of Old San Juan, 2 nights in Ponce on the South Coast, a night on Luquillo Beach, and a night on the Island of Vieques.

Highlights include a day trip through Karst Country, a National Forest Eco-Adventure, Surfing Lessons on Luquillo Beach, a visit to El Yunque Rainforest, Salsa Lessons, and night kayaking across the brightest Bio-Bay in the world.
