

Our exploration of these amazing cities includes time to appreciate the neighborhoods, cuisine, and culture of Germany, while students flex their navigation, budgeting, and German language speaking skills.

Berlin, the German capital, is renowned for its exceptional variety of attractions, its flourishing cultural scene and a way of life that's both fast-paced and relaxed. Our visit emphasizes the modernity of this city of 3.5 million residents, in contrast with the history of the city under the Nazis and then under the Communists. In Munich, students will gain an appreciation of the cultural contributions and the complicated history of the German people, while enjoying the best of Bavarian cuisine.
